

# CHARATAN

Charatan Pipes have been made in the City of London since 1863, maintaining and enriching traditional standards of British Craftsmanship. Each Charatan pipe is individually made and hand finished with meticulous care. The bowls are skilfully fashioned to show the beautiful graining of the ancient Bruyere that has been matured naturally and slowly. This ensures a cool sweet smoke and no breaking-in is required.

To those starting a pipe, a Charatan is a new and splendid experience. To connoisseurs Charatan denotes perfection in pipe smoking.
